

REVERSE OSMOSIS PLANTS FOR LANDFILL LEACHATE, WASTE WATER AND INDUSTRIAL PROCESS TREATMENT

Module 1	up to 40 m ³ /24h	Module 7	up to 280 m ³ /24h
Module 2	up to 80 m ³ /24h	Module 8	up to 320 m ³ /24h
Module 3	up to 120 m ³ /24h	Module 9	up to 360 m ³ /24h
Module 4	up to 160 m ³ /24h	Module 10	up to 400 m ³ /24h
Module 5	up to 200 m ³ /24h	Module 11	up to 440 m ³ /24h
Module 6	up to 240 m ³ /24h	Module 12	up to 480 m ³ /24h

ADVANTAGES:

- ↻ Modular design
- ↻ Container or Skid plant
- ↻ High automation level
- ↻ Long-term experience
- ↻ Small number of wear parts
- ↻ Low operation and personnel costs
- ↻ High purification efficiency > 99,9 %
- ↻ Positive environment expertise for the technology
